What is CAMP®?

The Commission Assistance and Mentoring Program (CAMP) is the signature training offered by National Alliance of Preservation Commissions (NAPC). CAMP® is led by qualified, nationally-recognized preservation professionals in support of local preservation commissions and the NAPC mission to "build strong local preservation programs through education, advocacy, and training."

Who Attends CAMP?

CAMP is designed to provide continuing education (AIA / AICP credit) and support to local historic preservation commissions, their staff and partners—including neighborhood organizations, local and statewide non-profits, and community leaders—as well as public officials. Sessions are customized to provide maximum benefit to local and regional communities.

How Can CAMP Training Benefit Local Commissioners and Others?

The goal of the daylong CAMP® workshop is to provide high-quality, engaging, and informative training to preservation-related boards and commissions of all types through presentations, hands-on exercises, group discussions, and networking (mentoring) opportunities. Trainers include commissioners, local, state and national staff members, attorneys, and commission partners, covering the basics that every commission needs in order to be effective and professional.
